REGENTS POLICY ON ORGANIZATIONAL MEMBERSHIP (revised effective: January 21, 1977)

The established policy of the Board of Regents of the State of Kansas prohibits discrimination on the basis of sex, race, religious faith, or national origin within the institutions under its jurisdiction. All Fraternal and campus-related organizations shall follow this policy in the selection of their members, except the prohibition against sex discrimination shall not apply to social fraternities or sororities which are excluded from the application of Title IX of the Educational Amendments of 1972.

The right of organizations to establish standards for membership is acknowledged providing that all students are afforded equal opportunity to meet those standards. Just as all students have the right to choose with whom they would associated on the campus, an organization shall have the right to select its members subject to these principles. Nothing in this policy shall be interpreted as imposing a requirement which would violate the principle of selection on the basis of individual merit.

The responsibility for compliance with this policy lies with each organization. In discharge of its responsibility, each organization shall acknowledge its understanding of this policy. Such acknowledgement shall assure that there exist no restrictions on membership, either local or national, which violate this policy.

The Chancellor or President of each institution under the jurisdiction of the Board shall establish a committee, composed of students, faculty, and administrative personnel, to deal with matters related to this policy and its application. In the event of an alleged violation of the policy, the committee shall investigate the allegation and report its findings and recommendations regarding it to the institution's Chancellor or President.
